

LINGUAL ORTHODONTICS COURSE

*Basic, Advanced and Laboratory
Lingual courses*

London, United Kingdom

11-13th November 2010

11 November 2010- Laboratory:

The laboratory course is a hands-On practical and theoretical course that includes most laboratory techniques (TARG+ DALI, CLASS, SILAM JIG, HIRO, and more). Technicians from various laboratories will present their techniques and participants will be able to set-up a case for indirect bonding. (Price includes set of brackets)

12 November 2010- Basic course:

The Basic course is a theoretical course that includes basic training together with many tips and tools for the advanced lingual orthodontist. Register now for one of the today's best courses in Lingual Orthodontics, with highly experienced clinicians who lecture extensively worldwide.

13 November 2010-Advanced course:

The Finishing and Biomechanics course is dedicated to practitioners who have completed the basic course and want to improve their knowledge in the lingual technique. It includes many tips and tools for the advanced lingual orthodontists, as well as updated scientific material to deepen the understanding and facilitate handling of simple to complex cases.

Course Topics:

1. Introduction to Lingual Orthodontics, brackets, wires, elastics
2. Confronting the main problems of Lingual Orthodontics: Diagnosis and treatment plan for the adult patient, Case selection, bonding rebonding and debonding, management and improving the patient's comfort, mechanical problems and solutions.
3. Anchorage control and management of extraction cases
4. Management of non-extraction cases
5. Direct and indirect bonding combined to improved treatment efficiency
6. 3 dimension diagnosis for adult patients
7. Treatment of difficult cases (open bite, Severe Class II/1/2, Class III)
8. Mechanics of lingual vs. labial orthodontics
9. Combination of direct and Indirect bonding for improved treatment efficiency
10. Orthodontic treatment of advanced periodontal disease patients
11. Clinical "Tips and Tricks" and our keys to success in Lingual orthodontic treatment
12. Finishing problems and solutions

Lecturers

Dr. Silvia Geron is a specialist in Orthodontics and Dentofacial Orthopedics. She received her DMD and MSc degrees from the Hebrew University Hadassah School of Dental Medicine. Dr. Geron maintains a private practice limited to orthodontics, Emphasizing Lingual and adult Orthodontics.

Professional Positions: Director of Lingual Orthodontics in the international postgraduate orthodontic program in Tel-Aviv University, Israel, Treasurer of the Israeli Orthodontic Society (IOS), Secretary and founding member of WSLO (world society of Lingual Orthodontics, examiner of the Israeli Dental Association Scientific Council-Orthodontic Examination Committee.
